

SODOMA LAW'S DIVORCE CONCIERGE,

a personal assistant for your divorce.

LYNN MYRICK, DIVORCE COACH

YOUR DIVORCE DREAM TEAM

We have learned that clients need more than just a legal advocate. They need a support system that extends beyond the agreement that is signed or the divorce judgment that is entered. That is where Lynn comes in.

At Sodoma Law, we believe in helping the whole person. We know that a client's mental and physical well-being is just as important as their legal well-being. The goal of our divorce concierge is to help you through your case – and life – at a time when you need it most.

From gathering documents to identifying the right therapist or coach to finding your new home, our dream team is equipped to connect you with resources throughout the process and beyond.

We might even help you check off a few items on your bucket list. Maybe you're handling your household finances for the first time, or you need help with the emotional landscape of your post-divorce life; or you want to take a dance class, skydive or take on another new adventure. We have got you covered.

LIST OF SERVICES

PHYSICAL LOGISTICS

- Connect with professional resources such as financial planners, realtors, and insurance agents.
- Understand and create a budget.
